

Content of this issue

Volume 30, Number 1, March 2018

- | | | |
|--|---|-------|
| 1. Yong Ker Loon
Mieke Hemiawati Satari
Warta Dewi | Antibacterial effect of pineapple (<i>Ananas comosus</i>) Extract towards <i>Staphylococcus aureus</i> | 1-6 |
| 2. Tansza Permata SP
Rosida Manurung
Kosterman Usri
Bambang Sunendar P | Effect of chitosan as a coupling agent and types of stabiliser of zirconia filler on nanocomposite hardness | 7-11 |
| 3. Tommy Frahdian
Zulia Hasratiningsih
Elin Karlina
Diyan Herdiyantoro
Veni Takarini | Dental alginate impression waste as additional fertilizer for plant yields and soil quality | 12-17 |
| 4. Ririn Ariyanti
Sri Tjahajawati
Marry Siti Mariam | The performance of 1% solution of baking soda as the mouthwashing for elderly xerostomia patients on the salivary secretion | 18-23 |
| 5. Nunung Rusminah
Indra Mustika Setia P
Komala Thillainathan | The efficacy of toothpaste containing kayu sugi (miswak) on dental plaque accumulation | 24-27 |
| 6. Erlin Zuke Rizkia
Setiadi Warata L
Irfan Dwiandhono | Differences in the tensile strength of direct nanohybrid composite veneers between the V and VIII generation dentin bonding agent after extracoronary bleaching | 28-34 |
| 7. Edwin Tandra
Endang Wahyuningtyas
Erwan Sugiatno | The effect of nanoparticles TiO ₂ on the flexural strength of acrylic resin denture plate | 35-40 |
| 8. Muhammad Arfianto Nur
Nina Djustiana
Yuti Malinda | Description of palatal rugae size and direction in children with gender difference | 41-44 |
| 9. Dedeh Pitriani
Setiadi W. Logamarta
Dian N. Agus Imam | The shear bond strength of reconditioned sapphire bracket after rebonding with sandblasting zirconia | 45-51 |
| 10. Janti Rusjanti
Salma Kamila Solihati
Cucu Zubaedah | The healthy eating plate and periodontal health knowledge in undergraduate students of faculty of dentistry Universitas Padjadjaran | 52-58 |
| 11. Rafinus Arifin
Taufiqi Hidayatullah
Sholeha Rahayu | Primary second molar relations in preschool-aged children | 59-64 |
| 12. Joko Prihatono
Taufik Sumarsongko
Tata Cipta Dirgantara
Rasmi Rikmasari | Stress distribution analysis on the one-stage non-submerged and two-stage submerged system implant supported bridge | 65-73 |
